LOGOMARK SAFE ZONE

Logo Safe Zone:
To ensure the logo remains clear, legible, and visually strong in every application, a minimum amount of clear space should always surround it. This “safe zone” protects the logo from feeling crowded and prevents other elements such as text, images, or borders from interfering with its readability and impact. Maintaining this spacing helps the logo look consistent and professional across digital and print materials.

This is a visual guideline only, the exported logo files do not include this spacing, giving you full flexibility when placing the logo in your layouts.

COLOR USAGE GUIDE & PAIRINGS

*Most colors can be paired together, however some color combination need to be avoided to meet color accessibility standards. These incorrect color pairings are especially important to follow when pairing a background color with text color. In certain situation like illustrations these rules can be broken, however they should not be broken when dealing with text to ensure legibility. In most cases, you want to avoid pairing colors that have low contrast.

FILE FORMATS & INSTRUCTIONS

*What's in the
Google Drive folder?*

LOGO GUIDELINE PRESENTATION

- **PDF Presentation File**
 - Use this file as a reference point for the final project deliverables

VECTOR FILES: (Infinitely Scalable & For Print)

- All Logo Variations & Pattern Tile
 - **SVG** (Scalable Vector Graphics) (.svg)
 - **PDF** (Adobe PDF) (.pdf)

RASTER FILES: (For Screens & Web)

- All Logo Variations & Seamless Pattern
 - **PNG** (Transparent Background) (.png)

MASTER FILES:

- Affinity File (.af)
 - Use this file to export any file formats that have not been provided
- Adobe Illustrator (.ai)
 - If needed at any point (same exact file as Affinity)

✦ **Important Note:** *The client will have 2 months (60 days) from the date of reception to transfer all files to their own google drive folder. After which, the original google drive folder will be deleted. (I will give you a weeks notice prior to deleting the folder). Just in case, I will keep an archive of the master design file for up to 2 years.*

THANK YOU!
